REPORT, &c.

THE Association, whose proceedings are the subject of the following REPORT, grew out of the peculiar circumstances of Upper Canada, when war was declared by the United States of America against the United Kingdom and its Dependencies.

Utterly unprepared for war, the militia of the Province was suddenly called to the frontier to oppose invasion.—It had neither arms nor cloathing.

The first attention of their gallant leader, after arming them at the expence of the enemy, which had invaded our shores, was to provide cloathing suitable to the severity of the then approaching season.

From some causes not explained, the actual relief was so long delayed, that individual sympathy was excited, and the inhabitants of York, by a private subscription, aided by the personal labour of the young Ladies of the place, afforded a supply of the first necessity, in flannel shirts, to the companies doing duty on the lines, between Niagara and Fort Erie.

It was soon discovered, that great distress must unavoidably, in many cases, result to families, deprived of their sole support, the labour of fathers, husbands, sons, and brothers, employed in arms.

To meet, in some degree, and to alleviate such distress,

tress, the Association now distinguished as the Loyal and Patriotic Society of Upper Canada, was projected, and instantly adopted, with a zeal creditable to the inhabitants of York.

At the first meeting, a subscription, to be renewed annually during the war, as circumstances might admit, amounted in some instances to a tenth part of the income of the subscribers. This example was followed in several of the Districts, and the wealthy cities of Quebec and Montreal, most liberally seconded the views of the Society. Its object was no sooner known in London, than a subscription was opened by Lieutenant Governor Gore, encouraged by the countenance and patronage of his Royal Highness the Duke of Kent, who was pleased to preside at the meeting held at the city of London Tavern, and filled with that munificence, which ever distinguishes a city whose merchants are princes.

The sister colony of Nova Scotia, excited by the barbarous conflagration of the town of Newark, and the devastation on that frontier, contributed largely, by a Legislative act, to the relief of that portion of the Province, which it is thought just to notice, in this way, although the distribution of that bounty was not committed to this Society.

A liberal subscription of individuals in the island of Jamaica, made a large addition to the means of the Society, and altogether, its funds were so augmented, as to induce the Committee of Directors to forbear any further call on the annual subscribers, until the monies actually in hand should be nearly exhausted.

THE committee of Directors of the Loyal and Patriotic society of Upper Canada, appointed to prepare for publication, conformable to the original resolution, an annual account of the proceedings of the society report :—That immediately after the first meeting, circular letters were addressed to the Directors and principal inhabitants in the several districts, inviting them to form Boards for receipt and management of subscriptions within their districts.

That a subscription was solicited and made, at York, by the Militia of that garrison, of one day's pay muster, towards the uses of the Society, which was announced as an example to the militia receiving pay throughout the province.

That representations of the objects of the Society were made to leading characters in the Lower Province, and to the Lieutenant Governor in England.

That the District Boards in the Eastern, Midland, and Western districts, have made report of their progress in raising subscriptions, which from their modicity, have been left at their particular disposal, since foreign subscriptions have so amply furnished means to accomplish the general objects for which one third of the district funds were to have been appropriated.

Some

Some districts have not found it convenient to notice the invitation.

On the other hand, our brethren in Lower Canada, have with a munificence proportioned to their larger means, exceeded the most sanguine hope.

The city of Montreal, subscribed the sum of three thousand one hundred and thirty pounds seven shillings and nine-pence, which was immediately placed at interest, and the city of Quebec raised two distinct funds, the one £1674 3s 5d subscriptions with interest (Halifax Currency,) applicable exclusively, and the other of about £3017 10s, (Hx. Cy.) of which two fifths or £1247 8s 2d with interest, were appropriated to the uses of this Society.

As the prospect of enlarged means opened to the Board of Directors, it extended the first limits of its benefactions, in the full assurance, that such liberality would best meet the views of the subscribers.

Thus, so soon as our sister Province afforded its aid, the funds of the society were moderately applied to relieve the widows and orphans of soldiers of the Provincial corps, and to enable them to return to their homes.

The Direction has deemed it part of its duty also to anticipate the legal aids voted by the Legislature in case, where official delays, or other circumstances appeared to it to require prompt relief.

In particular cases of distress, occasioned by the invasion of the enemy, they have also afforded relief, not precisely authorized by the first general resolutions, but covered by a subsequent meeting of the subscribers.

They could not yet attempt to compensate losses beyond the mere means of subsistence ; and to furnish that, the Directors have not in all cases waited for application.

When representation was made of various distress on the Niagara frontier, and on the line of march of General Wilkinson's army, sums of money were entrusted to persons of confidence, to relieve in their discretion.—The Reverend Mr. Addison and the Reverend Doctor Strachan humanely offered their personal services in this distribution.

The predatory incursions of the enemy on the western frontier led to a similar provision for relief of immediate distress occasioned by the plunder of the inhabitants on the streights of Erie and banks of the lake.

Colonel Talbot has received the several sums of two thousand and one thousand dollars, to purchase necessaries for his neighbours, successively plundered by predatory parties of the enemy, in conjunction with the unfriendly Indians.

The particulars of the expenditure of these sums will be detailed from the minutes of the Board, and reports of its agents, in form of an account, with a concise view of each particular case.

The

The resident committee at York, having paid liberal attention to every representation of distress, still found at the peace, a large sum unappropriated.

It was thought adviseable to subdivide the sum in proportion to supposed suffering of the respective Districts, and to call again upon Gentlemen, to point out those sufferers in their respective districts, entitled to partake of it.

Individual Directors to whom the distribution of the Nova Scotia benevolence was confided, making a necessary visit to the Niagara frontier, were delegated to superintend, at the same time, the dispensation of the sum appropriated to that district.

It must be satisfactory to learn, that such was the sum of competency throughout this happy colony, that two years and a half of war, aggravated by repeated and continued invasion, has left no apparent symptom of suffering and distress, other than the ruins of villages and fences burned by the enemy.

It has not been attempted to compensate this loss on a general scale, but the liberality of the province of Nova Scotia, appearing more particularly directed to the relief of such sufferers in Newaik, and on the line to Fort Erie, which afforded the first example of this atrocious warfare, the delegation from your direction gave the same relief to sufferers from the conflagration at St. Davids; and in either case, limited the aid to such whose circumstances might be supposed to render so partial a relief desirable. It

It remains to notice that part of the original plan, which made provision for Medals to be bestowed on such as might render distinguished services to the country.

One hundred pounds, were first destined to procure as many medals of silver as it could afford, and an approved description of the medal was sent to England.

Medals were received, but did not correspond in the execution with the design of the device, they have not been distributed.

At the close of the last campaign, the President was requested to procure a report of meritorious subjects, as Candidates for this honorary reward of services, and his honor was pleased to transmit lists from officers commanding corps of militia.

The view of the Directors so little concurred in the varied principles of these reports, that a committee was appointed to report fit subjects for this mark of public gratitude.

Upon the report of that committee a further sum of one thousand pounds sterling was placed at the disposal of the Treasurer, to procure more medals of a different quality, but upon the same device, which is consigned in this report.

AT a meeting of the principal inhabitants of the town of York and its vicinity, held at York on Tuesday the fifteenth day of December one thousand eight hundred and twelve, pursuant to public notice.

The Honorable Chief Justice Scott, Chairman.

It is Resolved,

1st. That a select Society be established by annual subscription throughout the Province, to be called the *Loyal and Patriotic Society of Upper Canada*, for the following specific purposes.

To afford aid and relief to such families of the militia in all parts of the province, as shall appear to experience particular distress in consequence of the death or absence of their friends and relations employed in the militia service in defence of the province : To afford like aid and relief to such militia-men as have been, or shall be disabled from labour, by wounds or otherwise in course of the service aforesaid. *Provided* it shall appear to the committee hereafter to be named, that over and above the aid afforded by the Legislature, to some of the cases abovementioned, some further relief is necessary.

To reward merit, excite emulation, and commemorate glorious exploits, by bestowing medals or other honorary marks of public approbation and distinction

for extraordinary instances of personal courage or fidelity, in defence of the province, by individuals, either of his Majesty's regular or militia forces or seamen.

2d. That the Society shall continue during the present war with the United States of America, and shall be under the special protection and patronage of his Honor Major General Sheaffe, or the person administering his Majesty's government in this province for the time being.

3d. That every person throughout the province whose annual subscription shall amount to one pound or upwards, shall be admitted to the honor of being a member of the society and have the privilege of recommending objects to its charitable bounty, and also of voting at all general meetings and deliberations of the subscribers, and that the members of his Majesty's Executive and Legislative Council, Judges of the King's Bench, the Speaker of the House of Assembly, the Clergymen of the established Church, together with every other person whose annual subscription, shall amount to ten pounds or upwards, shall be Directors of the Society, for the purposes herein mentioned, and all general and field officers of his Majesty's regular Forces serving in the Province are invited to be honorary members of the Society.

4th. That the affairs of the Society be governed, and its business conducted by a general board of Directors, to assemble quarterly, that is, on the first day of
the

the Quarter Sessions in the town of York, which board shall consist of a President or Vice President, Secretary, Treasurer, and any number not less than five of the other Directors, and that the Chief Justice and members of his Majesty's executive council for the time being shall be President and Vice Presidents of the Society, without the presence of one or more of whom such general board cannot be held or business transacted.

5th. The general board of Directors shall by the Secretary and Treasurer make regular entries of their proceedings and statements of their receipts and disbursements, in books to be kept for that purpose, in order that the same be occasionally published and submitted to the inspection of the Subscribers; and to facilitate the objects of the Society, the said board shall appoint committees of their own members, residing in the different districts, who may apply to the relief of cases of distress arising therein, the whole amount of the subscriptions obtained in such districts, except three per cent on the said amount, to be appropriated by the Directors towards effecting the third object of the Society; and that the said committee shall from time to time, transmit to the Secretary of the general board, at York, an account of their proceedings and expenditures, that unity may be preserved in the Society throughout the Province, and a full statement of its transactions may be prepared for the satisfaction of the subscribers and the public at large.

6th. That

6th. That the respective sums at first subscribed shall be considered the sum to be paid annually by each subscriber during the continuance of the Society, unless in cases of leaving the province, or some material alteration in the circumstances of the subscriber, and shall for the present year be paid within one month after the subscription, and the following years at such periods as the general board of Directors shall appoint in order to enable the board to provide supplies best adapted for relief of distress on the most advantageous terms, and that the money accruing from such subscriptions shall be considered as constituting the funds for the purposes of the society.

7th. That exclusive of the annual subscription, the society will accept of donations of any extent whatsoever from those who may not choose to become annual subscribers or members of the Society, and the names of such benefactors and the sums they have given, shall be published quarterly in the York Gazette.

8th. And whereas it is the opinion of this Society that no personal merit whatever in military service can compensate for insubordination and breach of discipline, it is hereby particularly resolved, that the board of Directors shall not be at liberty to bestow medals or other honorary marks of distinction upon any militia man or soldier who shall be convicted of desertion, or absenting himself from his duty without leave from his superior officer, or to afford any relief whatever from the funds of this Society to the family of such person.

Note—The Society is chiefly indebted for this excellent Constitution to the Honorable *Justice Campbell*.

YORK, 22d December, 1812.

At a meeting of the Gentlemen composing the *Loyal and Patriotic Society*, a letter from General Sheaffe was read.

FORT GEORGE, 20th Dec. 1812.

Sir,

I have to acknowledge your letter of the 16th inst. accompanying the plan of "*The Loyal and Patriotic Society of Upper Canada*," the purposes of which cannot be too earnestly encouraged and promoted, it reflects a credit of the best kind on those with whom it originated, or who have fostered its commencement; and I most cordially hope that their humanity, zeal, and loyalty, will be rewarded by its accomplishing to the fullest extent, all the purposes for which it is proposed: to contribute to which I shall direct two hundred pounds to be subscribed in my name.

I have the honor to be,

Sir,

Your very humble Servant,

Signed R. H. SHEAFFE.

The Honorable

THOMAS SCOTT,

&c. &c. &c.

Whereupon it was resolved,

That as General Sheaffe has acceded to the request
of

of the Society, to become its patron, and signified his compliance to the Chairman, the following Circular Letter be adopted and sent to the more respectable Inhabitants of each District :—

CIRCULAR,

YORK, 22d Dec. 1812.

Sir,

The inclosed will shew the purposes of a Society established here, under the patronage of His Honor the President, who is himself a liberal Subscriber.

It is only of this date that the Society is apprised of General Sheaffe's concurrence, without which it was not thought advisable to publish it to the Militia.

This day, the Militia Garrison at York, Officers and men, unanimously contributed to the uses of the Society one day's pay per muster.

There is little doubt but that example will be generally followed, and you are requested to aid the object of the Society, by your support and countenance in your neighbourhood.

Agreed and ordered accordingly.

The following extract of a letter from General Sheaffe was then read :

Extract from a letter from Major General Sheaffe, to Mr. Powell, dated Fort George, the 20th December, 1812.

“ I have received the Chairman’s letter, accompanying the Plan of the Loyal and Patriotic Society, which cannot be too highly extolled. I put my name down for £200; Lieut Colonel Bishop’s £100. Further I have not yet had report.”

Truly extracted,

Signed WM. DUMMER POWELL.

Resolved, That in consideration of the application to the Society by Captain David Thomson, commanding a company in the 3d Regiment of the York Militia, in behalf of the distressed family of Jas. Jones, a private in his company now doing duty in the garrison at York ;

Major Allan commanding the militia in Garrison, being called upon, reports that the said James Jones has a wife and children in the garrison, it being understood that they could not subsist at home in his absence, that the wife and children receive no provisions or other aid than quarters.

The Board understanding that provisions in certain proportions are allowed in Lower Canada, to the families of the militia on duty, and conceive that if any known distinction subsists in the allowance and encouragement in favor of the militia of the Lower Province, it must operate most seriously in discouraging the Patriotic efforts of the people of this country, and may lead to most disastrous effects. *Resolved*,

Resolved, That five dollars be paid immediately for the relief of Jas. Jones's family, and that a further sum of five shillings per week be paid by the Treasurer, towards their subsistence, so long as the families of the militia in service do not receive rations.

It is further resolved, that the Chief Justice be requested, either individually or jointly with the resident members of the Executive, to represent to His Honor the President, the sense of this Society, or to the Commander of the Forces, the necessity of extending to the militia of Upper Canada all the allowances made to their fellow subjects in the Lower Province.

Resolved, That David Heuick's case be taken into consideration, on his return to his duty; it being understood that he is indulged with leave of absence, and with his family.

Resolved, That William Devenish do immediately receive two pounds ten shillings for the relief of his family.

Resolved, That Hannah Smith do receive immediately two pounds ten shillings, and ten shillings per week until the allowance by the Legislature is paid.

Resolved, That each Petition contain the name of the Petitioner, the Company he serves in, the township he lives in, the number, age and sex of his family, means of subsistence, which may most materially be wanted. The tenor of the Petition to be certified to be believed by the Officer commanding the Company.

The Society knowing the warm interest which Lieutenant Governor Gore takes in the welfare of the Province, resolved to apply through him to the British public for assistance, and to furnish His Excellency with the views of the Institution ; the following appeal was adopted and transmitted.

AN APPEAL TO THE BRITISH PUBLIC.

The defenceless situation of the Province of Upper Canada, on the sudden and totally unexpected declaration of war against Great Britain, by the United States of America, instead of dispiriting its brave inhabitants, animated them with the most determined courage. Consisting chiefly of Loyalists driven from their native homes, during the American rebellion, they beheld with indignation their old enemy envying them, their new habitations won from the wilderness, and again thirsting for their blood. Proud of their country, their loyalty burst forth in all its ancient splendor ; they volunteered their services with acclamation, hastened to join the very small number of his Majesty's troops, at the several points of attack, and exhibited

bited a degree of valour and fortitude, worthy of the British name. All rejoiced in the opportunity thus given them, of shewing their ardour in defence of the Province, and their determination to cling to that gallant and illustrious nation which combats for the rights and liberties of the world, and of which they have the happiness to form a part.

Theirs was not the enthusiasm of the moment, it still burns with unabated vigor, and not only enables a raw militia to suffer with patience the greatest privations, to face death with astonishing intrepidity, but also to emulate veteran soldiers in deeds of honor and glory. Many, though exempted by age from military duty, scorn to claim the privilege, and it is not uncommon to see men of seventy leaving their homes, and demanding arms to meet the enemy on the lines. Others too feeble to bear arms themselves, are seen leading their sons to the military posts, and so strong is the spirit of patriotism among the people, that it infects the greater number of those who have recently come to settle in the Province; from the United States, and makes them efficient soldiers. Indeed this noble spirit which animates all our inhabitants, is most affecting, and can only be inspired by the justice of our cause.

In the different conflicts during the severe weather in October, November, December, and January, the services of the militia have been duly appreciated by the Generals and Officers commanding, who saw them with exultation, resisting the several invasions

of the Province with veteran intrepidity, nor do they hesitate to acknowledge, that by their gallant assistance, united with the small body of regular forces at their disposal, they have been enabled to take or destroy every enemy who has had the temerity to pass the borders.

But such meritorious efforts were not made without the most precious sacrifices; for while the militia, during six months, were thus bravely repelling an invading foe, many of their families were left in the greatest distress; called to arms, their agricultural pursuits were suspended, they were unable to reap their harvests, and consequently their farms produced little or nothing to comfort them through the inclemency of a long winter.

To consider the means of relieving their more pressing distresses, and of preventing as far as possible their recurrence in future, a general meeting of the inhabitants of the town of York, was convened.

When the following resolutions were unanimously agreed upon. (*See the first, second, and third clauses of the Institution.*)

The Subscription of the town of York amounted in a few days to eight hundred and seventy five pounds five shillings, provincial currency, dollars at five shillings each, to be paid annually during the war; and that of Kingston to upwards of four hundred pounds. The Society have also received many liberal donations from persons not wishing to become members.

This

This however being far short of the sums necessary for the purposes of the Institution, the Directors are induced to appeal to the known humanity and benevolence of a British Public, for such further assistance as they may be pleased to afford them on this important occasion.

At a general meeting of the Board of Directors of
the *Loyal and Patriotic Society of Upper Canada*, held at
York the 1st day of March, 1813. The Honorable
Richard Cartwright's letter to the Secretary was read.

Kingston, 19th Feby. 1813.

DEAR SIR,

I some time ago received your letter on the sub-
ject of choosing Managers for this District; of the
fund

fund of the *Loyal and Patriotic Society*, arising from subscriptions made within this District, and the Rev. J. Mr. George Stuart, Allan McLean, and William Mitchell, Esqrs have in consequence been appointed managers. Inclosed, I send you a copy of our subscription amounting to £466 : 10s. This, however, only includes the town. There have been subscription papers sent into the country, from which as much may be expected, as to make up at least £600. As so much of that species of distress prevades the country which it was the chief object of the Society to relieve, it is of importance that as little time as possible should be lost in diffusing its benefits to those who are entitled to a claim, under the declarations of the Society. One mode of administering relief has been suggested to me by experience, as the most effectual, when there is a large and helpless family, and that is to provide a substitute, if one can be found, to be paid from the funds of the Society, and leave the head of such family at home ; all this, however, will, I presume, be left to the discretion of the respective managers, who have the happy charge of administering blessings.

I am, Dear Sir,

Your faithful and Obedient Servt.

Signed RICHARD CARTWRIGHT.

ALEXANDER WOOD, Esqr.

The meeting unanimously confirmed the appointment of the committee nominated by members of the Society, in the midland District, viz. the Revd. George Stuart, Allan M'Lean, Esqr. and William Mitchell, Esqr. with whom they will be happy to co-operate at all times, in promoting the objects of the Society.

The Directors of the Society learned with regret, that offence had been taken at the words, "Clergymen of the established Church," in their third resolution, constituting the Society, as implying a distinction injurious to other regular Clergymen of great respectability. As it is the anxious wish of the Society to conciliate and to promote union and harmony as much as possible, and by no means to patronize any distinction whatever, the meeting unanimously agreed to strike out the words "the Clergymen of the established Church," and to substitute in their place, "all regular Clergymen"

Signed

THOMAS SCOTT,

President.

ALEXANDER WOOD,

Secretary.

The Committee then met, and

Resolved, That Andrew Kennedy, who has lost his leg in the service, and Thomas Major, badly wounded in the leg, both in Captain Cameron's Company, receive each the sum of eight dollars immediately, and

two dollars per week, till such time as their annuities from the Province become payable, at which time this sum of two dollars from the Society shall cease.

Resolved, That John Tyrac, badly wounded in both his legs, belonging also to Captain Cameron's Company, receive twelve dollars immediately.

Signed, THOMAS SCOTT,
Chairman.

ALEXANDER WOOD,
Secretary.

Delivered to Andrew Kennedy a draft on the Treasurer for two pounds currency, the sum voted for his immediate relief, and inclosed to Captain Cameron drafts on the Treasurer for two pounds for Thomas Major, and three pounds for John Tyrac, to be forwarded by him to the said persons.

Signed ALEXANDER WOOD,
Secretary.

DEAR SIR,

I had the honor to receive your letter of the 19th on the 25th ult. and immediately called a meeting of the Board of Directors of the *Loyal and Patriotic Society*, who confirm your appointment of the Commit-

tee to manage the affairs of the Society in your District, and an extract of their proceedings, as follows, (*see the Resolution of the 1st March, 1813.*) I have also to acknowledge the receipt of your Subscription list, and to express the satisfaction the Society feel in seeing the liberality of the good people in your District, who will, I have no doubt, be happy in witnessing the beneficial effects of their benevolence.

I have the honor to be,

Dear Sir,

The Committee then met, and

Resolved, That the Petition of Samuel Mungre is deferred, because he was allowed to remain at home, but will be reconsidered so soon as he is called upon active service.

Resolved, That the Petition of John Stoner is found inadmissible on the grounds therein stated, because his son has served as a substitute, and therefore not an object contemplated by this Society, nevertheless they ordered him Twenty Dollars on account of the distress occasioned by the former services of his son, in the militia.

Resolved, The Petition of Eleazar Norton having been taken into consideration, they ordered him Ten Dollars to assist in clothing his children, it being the opinion of the Society that a weekly allowance is unnecessary, as his family now receive rations.

Resolved,

Resolved, That it being represented by Cantrin Cameron, and the Colonel of the Regiment, that Abraham Devins, an old man, has been left in great distress, from the death of his son, who had been on service in the militia, the Society ordered him Ten Pounds, Halifax Currency, to enable him to put his farm in order.

The Secretary of the Society read a letter from Robert Richardson, Esqr.

AMHERSTBURG, 24th Feb. 1813.

SIR,

I have to acknowledge the receipt of your Circular Letter, of the 22d Dec. with its inclosures, and now forward a list of subscriptions obtained in this place. The Subscription paper is still left open, and I expect more will yet come forward, as every person to whom I have mentioned the subject, highly approve of the views of the Society, but generally say, with me, that their means are not equal to their inclination.

I beg to observe, that the Gentlemen of Sandwich, are not included here, as I have understood that communications have been made by you to them; they will doubtless subscribe and liberally.

Should a Committee be appointed here, I would beg leave to recommend the following Gentlemen, as in my opinion, well qualified to act in
distributing

distributing the funds, viz. William Mills, Robert Gilmer, and William Duff, Esqrs.

I have the honor to be,

Sir,

Your most humble Servant,

Signed R. RICHARDSON.

To Revd. JOHN STRACHAN.

The Board of Directors were much gratified with the very respectable Subscription obtained at Amherstburg, but are very sorry that the constitution of the Society does not admit any person to become a Director, except he subscribe ten pounds, *Halifax*; they are therefore restrained in their appointment of the Committee to these gentlemen who have subscribed this sum annually. Mr Elliott, Wm Mills, G. B. Hall, Thos Baines, and Thos. M'Kee, Esqrs with such other gentlemen of the Western District, as may qualify themselves accordingly.

ALEXANDER WOOD,

A general meeting of Subscribers to the *Loyal and Patriotic Society*, was held in the Church at York, on Monday, the 5th July, 1813.

The Honble. Thomas Scott, Chief Justice, in the Chair.

On the proposition to proceed to the Election of a Treasurer, for the Funds of the Society, in place of the Honble. P. Selby, Receiver General, deceased,

It was proposed and put to the vote, if a salary or any compensation should be allowed to the Treasurer, on condition of giving security, which was carried in the negative.

It was then proposed that the Honble. John McGill, acting Receiver General, should be requested by the Society, to accept the trust of Treasurer, on the same terms, as it was held by the Honble P. Selby, late Receiver General, deceased, and was carried unanimously.

It was proposed to confirm the Acts of the Directors since the last meeting, in advancing divers sums of money to objects not immediately the subject of the ori-

ginal Resolutions of the Society, viz the sum of two hundred and fifty three pounds, four shillings and nine pence, New York currency, for the support of the hospital in the Town of York, subsequent to the evacuation of the place by the Commander of the Forces, and the army. Also two sums of twenty five dollars each, paid by order of the President, to enable two soldier's wives to return to their homes.

It was proposed to add to the list of Vice Presidents of the Society, the Judges of the King's Bench, the resident Minister of York, the Chairman of the Quarter Sessions, and Judge of the District Court.

A letter from Captain Leonard of the 104th Regt. stating the loss of men in his Company, since their arrival in this Province; and that twenty widows at least are in great distress at Quebec, where they arrived since the Regiment came to this Province, many of whom may belong to this Province ;

It is proposed that the Secretary of the Society do write to the Secretary of the *Loyal and Patriotic Society*.

It is proposed to extend the funds of the Society to the relief of the widows and orphans of Soldiers of the Regiments raised in the Province, under command of the Governor General, in so far as to enable them to return to their respective provinces. Upon this proposition, it seemed the general sense of the meeting,

that

that its funds would not suffice for such an engagement, and it was accordingly rejected.

The Secretary is requested to preserve a duplicate list of the Subscriptions and Donations to the Society, which will be regularly furnished by the Treasurer.

ALEXANDER WOOD, Secretary.

At a meeting of the Board of Directors in the Church at York, on the 5th July, 1813,

A letter was likewise read from J. Planté, Esqr. Secretary to the *Loyal and Patriotic Society* at Quebec, addressed to Alexander Wood, Esqr. Secretary to this Society.

QUEBEC, 24th April, 1813.

SIR,

By order of his Honor the President and Directors of the Society established here, in imitation of yours, I have the honor to inclose, for your information, a copy of the proceedings of a public meeting held the 6th inst. organizing this Society, together with the subsequent resolutions of the Board of Directors.

In providing for the relief and encouragement of our own militia, you will perceive, that we have not been unmindful of the just claims of our Loyal Brethren in your Province. And we trust that the part of our Subscriptions for this year, which is allotted as a donation to your Society, will prove acceptable, and be received as a testimony of the high sense we entertain of the successful efforts so gallantly displayed by your brave Militia, in defence of Upper Canada, upon which the safety of this Province so much depends.

Our Subscriptions and Donations to this date, amount to about £2200, and further contributions may still be expected. The money, we hope, will be soon collected. In the meantime, we request the favour of your instructions, as to the disposal of your two fifths, assuring you that we shall have much satisfaction in

in complying with the wishes of your Society, in that respect, in any way they may be pleased to point out.

I have the honor to be,

Sir, your most obedient humble servt.

Js. PLANTE, Secy. L. & P. S.

To ALEXR. WOOD, Esqr. Secy.
of the Loyal and Patriotic Society
of Upper Canada.

It was stated to this Society, that contributions for this Society to the amount of three thousand pounds and upwards, have been most generously subscribed by the inhabitants of Montreal, and that they have requested instructions as to the disposal of the same.

Besides the above subscriptions, the President signified that he had been honored with a letter from the Lord Bishop of Quebec, dated April 15th, 1813, wherein his Lordship signified his wish to become a member of this Society.

Quebec, 15th April, 1813.

Dear Sir,

An association has been formed in this district, of which the general objects resemble those
of

of the *Loyal and Patriotic Society* of Upper Canada ; and it stands among their resolves, “ That two-fifths “ of the subscription of the Society, for the present “ year, shall be remitted to the *Loyal and Patriotic “ Society* of Upper Canada, as a donation from the “ inhabitants of the district of Quebec,” for the purposes therein mentioned, and which of course will be communicated to you.

My health has not permitted me to attend the meetings of this association, but I became a member of it, and shall, in having so done, have the satisfaction to contribute something, however inconsiderable, towards your laudable undertaking.

But standing, as I do, in the same relation to both Provinces, and feeling an equal interest in the concerns of both, I am desirous of becoming a member of your Society also ; and have therefore to beg the favour of you to place my name upon your list, as a Subscriber of £50 a year, during the war, and to direct your Treasurer to draw upon me immediately for my first year's Subscription.

I have the honor to be,

Sir,

Your most Obdt. Humble-Servt.

Signed

J. QUEBEC.

Chief Justice SCOTT.

In addition to the Subscriptions already stated, the name of George Heriot, Dy. Post Master General, is to be placed for one hundred Dollars, and also the name of Doctor William Holmes, of Quebec, for the sum of £20.

And by a letter still more recent, it appeared that the additional sum of one hundred and forty seven pounds, ten shillings had been subscribed, making the whole amount of Subscriptions £3130 7s 9d now bearing interest.

Several communications had already been made to the Society, of the progress of the Subscription at Montreal, and the liberality and zeal with which it was promoted by the enlightened inhabitants of that wealthy City.

The Members of this Society, while reflecting on the very extensive and liberal contributions which Lower Canada has afforded, unanimously and most sincerely do offer their warmest acknowledgements to the subscribers to this institution in that Province, happy in being enabled by such generous aid, to administer to the necessities, and to afford support and

My Dear Sir,

In consequence of the following resolution adopted yesterday by the *Loyal and Patriotic Society*, at their annual meeting, I am induced to solicit your assistance and advice. "Resolved that the Reverend John Strachan, D. D. be the Treasurer of this Society, and that he may deposit its funds in the hands of such person at Quebec, as may be approved of by a Board of Directors."

It is the wish of the Society, that the Funds be deposited in the hands of some person of respectability at Quebec, as the place of the greatest safety; but to whom shall we apply? The Honble. John Hale declines, from press of business; will your affairs permit you to undertake the office of our Banker; by so doing, you will confer a great favour; if not, can you recommend any person? Perhaps Mr. Blackwood might be prevailed upon to do for us what he does

for you, the trouble will not be great, the money may be turned into Army Bills bearing interest. I shall never draw for less than one hundred pounds, and any remuneration will be given to the person with whom the funds is deposited, that you shall think proper, or the custom of merchants requires. Have the goodness to answer this as soon as convenient.

Allow me to congratulate you on the brilliant termination of the Campaign.

I am, &c.

Signed JOHN STRACHAN.

The Honorable

QUEBEC, 29th July, 1814.

My Dear Sir,

I had the pleasure to receive, on the evening of the 24th, your truly esteemed favour of the 12th inst. and was upon the point of replying yesterday, when our mutual friend, Mr. Wood, appeared, of whose kindness I now avail myself to address you.

I return my best thanks for the mark of confidence you place in me, and should have been very happy to meet your suggestion of becoming your Banker, for the deposit of the funds belonging to the *Loyal and Patriotic Society* of Upper Canada, could I have undertaken that charge in the prospect of continuing my
services

services so effectually as I should have desired, but my present intention being to visit Great Britain during the ensuing season, in the event of peace with America taking place, I am under the necessity of praying to be excused. The morning after the receipt of your favour, I waited upon Mr Blackwood, who kindly said, that holding already the proportion of Subscriptions belonging to Upper Canada, from the Society in Quebec, and having opened an account for the same, he would also receive the monies in the hands of Mr. Hale, if so appointed, and hold the whole amount at the disposal of the Directors or Treasurer, adding that he could not undertake to charge himself with any remittances that might come from other countries, and the further condition, that should circumstances require him to leave the country, he must be relieved from the trust; this, of course would be acquiesced in.

As to any charge of Agency, as hinted in your favour, the pleasure of contributing in any way towards the furtherance of so laudable an undertaking, as that of the Society, whose interest you, and I trust all of us, have so much at heart, would, in my opinion, be ample remuneration to any gentleman who may be honored with the duty in question, and I believe that Mr. Blackwood coincides perfectly in that sentiment.

Letters I have received from Jamaica, mention a

subscription being on foot in that Island, towards the relief of the sufferers by the war in Canada.

With the highest esteem, I ever am,

My Dear Sir,

Your faithful and Obedt. Servant,

Signed JAMES IRVINE,

The Reverend

Doctor Strachan.

The *Loyal and Patriotic Society* of Upper Canada, anxious to extend the benefits of the Institution throughout the whole Province,

Resolve, That the sum of five hundred pounds shall be placed by the Treasurer, at the disposal of the Honble. James Baby, Angus McIntosh, Esqr. and the Revd Mr. Marchand, to distribute in the Western District as circumstances may require. The Society are induced to make this liberal grant on account of the very great sufferings endured by their fellow subjects in that part of the Province, and with the hope that in many instances, they may be alleviated by this pecuniary aid. As it is a principal object with the Society, to nourish affection for the Government, the Honorable James Baby Angus McIntosh, Esqr. and the Reverend Mr. Marchand, will be careful to exclude all those who have deserted their posts, or have given just cause of suspicion, from participating in their bounty. The Society need hardly remind the Gentlemen to whom the distribution of the money voted by this resolution is confided, that it is to relieve actual distress occasioned by the war, whether from

from militia service, or the depredations of the enemy, and not to make up losses to which the Funds of the Society, liberal as they are become, are by no means adequate. An account of the cases relieved, and receipts for the sums granted, will be kept by the Honble. James Baby, Angus McIntosh, Esqr. and the Reverend Mr. Marchand, for the information of the Society.

Two letters from Messrs. Monro & Bell, Merchants in Quebec, were read.

QUEBEC, 8th Sept. 1814.

Sir,

A subscription having been entered into by the Merchants in the City of Kingston, Jamaica, for the relief of sufferers by the American war, in these Provinces, part of which in money, but the major part in the produce of that Island, such share as was given in cash, was afterwards invested in produce, and the whole shipped to our address, by Thos. Usher, Esqr. (who took a very active part in procuring the subscriptions) sold here free of all charges, the necessary duties, and other unavoidable expences of storage, truckage and cooperage excepted. Messrs. Jones, White and Melvin, the Brokers, in a very handsome manner, waved all claim for commission on the Sale; the Printers advertised, and gave hand bills, and even the bell-men who announced the day of sale throughout the city and its environs, spurned at remuneration.

The Province of Upper Canada having suffered so much by the invasion of it by the enemy, we deemed it just to appropriate at least two thirds of the amount of the proceeds to the Society formed in that Province,
and

and we have been sanctioned in that determination by Mr Usher's opinion, he having come passenger in the vessel that conveyed the produce. We have paid to the Fund of the Society formed here £500, and we now hold a sum of fourteen hundred and nineteen pounds two shillings and three pence Hx. cy. ready to be paid to the Fund established in your Province. We are informed that you are Chairman of that Society, and we beg leave to request you to be pleased either to draw for the above sum at sight, or direct us to pay it to any Agent here or at Montreal, if such there be.

We doubt not your Committee will see the propriety of acknowledging the receipt of the sum, that we may be enabled to signify to the gentlemen subscribers, that their benevolent intentions have been put in the channel that promises some degree of succour to the distressed of every description, from the depredations and cruelty of an unprincipled Banditti.

We have the honor to be, with great respect,

We had, on the 9th inst. the honor to receive your favour of the 26th ult. by Mr. Wood. We had previously addressed the President of your Patriotic Society, on the subject of it, as we were then ignorant who the Secretary was. Mr. Wood will explain to you the error Mr. Usher led Mr. Dickson into, in quoting the gross amount of the sales of the property from Jamaica, in lieu of the neat proceeds. We have with the £1419 2s 3d currency, handed to Mr. Wood. copies of the different documents from the subscription list, to the final close of the business, by our account of sales.

We beg leave to refer you to them for further insight into the object.

A representation was read from Colonel Talbot, to the Society, requesting aid for twenty seven families residing in the neighbourhood of Port Talbot, stating that they have been robbed by the enemy, who, on the 20th Sept. had returned to Port Talbot, burnt the Mills and other buildings belonging to Colonel Talbot, together with the house and barn of Colonel Burwell and several others, extending their depredations sixteen miles down Talbot Road, taking all the horses, and pillaging the houses of every article of clothing, and destroying such furniture as could not be carried away.

The Society taking the above representation into consideration, unanimously voted, that one thousand dollars should be remitted to Colonel Talbot, to be disposed by him in like manner, and under like regulations as the sum of five hundred pounds formerly granted to him for the relief of sufferers in his neighbourhood,

ANCASTER, 24th October, 1814.

My dear Chief,

Your kindness to my representations, when I was last at York, induces me to repeat my petitions to your honorable Board.

The vagabond enemy not being satisfied with the plunder they carried off from Port Talbot on the 16th August, returned in greater force about the middle of September, when they burnt my Mills and other buildings, destroyed all my flour, and killed my sheep, &c. Poor Burwell's house and Barn were likewise sacrificed, thence the enemy extended their violence down my road 15 miles. Enclosed is my statement, which, I trust, may call forth the bounty of the Society, as nothing can exceed the deplorable condition of that part of the Province. My Mills having been burnt; the farmers will be obliged to take their grain at least 120 miles to have it ground; the expences attending such transport, in these hard times, will be heavy indeed.

deed. I am considerably alarmed for the fate of the sum the Society granted me before, as we have this moment learned that 10 boats have been captured by the enemy, near the Bay of Quinté, and Mr. Hatt, who was kind enough to procure the clothing at Montreal for my poor people, is of opinion that my things were in the above boats. Mr. Ralph, who is going to York, will take charge of any assistance which the Society may please to afford.

The arrival of our fleet at Fort George, I hope, will ensure quiet to us, at least for the winter.

The European and American accounts hold out no great expectations of a speedy conclusion to the war.

God preserve us all from greater evils than we have already suffered, believe me, my dear sir,

always most sincerely yours,

Signed THOMAS TALBOT,

The Honble.
Mr. Chief Justice Scott.

Freedom Burdick and George Nichol, both of Oxford, appeared, recommended by Henry Bostwick, Lieutenant Colonel, and Wm Brown, Major of the Oxford Militia. Colonel Bostwick states in his recommendation, that George Nichol gave notice of General McArthur's approach, and in consequence, the Americans burnt his house and barn, and destroyed every thing he had, except a few head of cattle.

Freedom Burdick saved his house and cattle, but lost almost every thing else. Both appeared to be steady loyal subjects, and deserving of the kind consideration of the Board.

Resolved, That the sum of two hundred dollars be granted to George Nichol.

That the sum of one hundred and fifty dollars be granted to Freedom Burdick; the reason for giving fifty dollars more to George Nichol, than to Freedom Burdick, arises from his having his barn burnt.

The Society having received fifty medals from Europe

The President read the following letter, from General Drummond :

QUEENSTON, 1st January, 1814.

SIR,

When shortly after my being appointed to the command of this Province, on visiting the Niagara Frontier, I was shocked beyond measure, at beholding the desolation that had been spread over the once flourishing village of Niagara, by an atrocious and sacrilegious enemy. Every feeling of just resentment was exerted against a Government that could sanction such an act, so unprovoked and inhuman ; and when I reflected that the innocent and unfortunate inhabitants were driven from their houses, to undergo all the severities of a most inclement winter, retributive justice demanded of me a speedy retaliation on the opposite shore of America, and you are not unacquainted with the result of my determination.

As a principal sharer in the immense stores that
have

have been captured in the important fortress of Niagara, I beg leave, Sir, to subscribe my portion of the prize money, towards relieving the distresses of those persons who inhabited the late village of Niagara, as well as the frontier in its vicinity; and I place every reliance on the benevolent and patriotic exertions of yourself and the other gentlemen Members of the *Loyal and Patriotic Society* of Upper Canada, for discovering such of them as stand in most immediate need of assistance, in order that it may, with as little delay as possible, be administered to them, after the distribution of prize money shall have been made.

I have the honor to be,

Sir.

With sincere esteem,

Your very faithful

Humble Servant,

Signed GORDON DRUMMOND,

Lieut General, President.

The Honorable Chief Justice,

&c. &c. &c.

The Treasurer then laid before the Board, a letter which he had received from Lieut. Colonel Foster, inclosing the sum of two hundred pounds, provincial currency, being the amount of the annual subscription of His Honor Lieut. Genl. Drummond, and one hundred

dred and sixty pounds of like currency, being his proportion of the first division of the Niagara prize money, the whole of which he has been pleased to dedicate to the service of the Institution:

KINGSTON, 4th December, 1814,

SIR,

I have received the truly gratifying commands of Lieutenant General Drummond, to remit to you the accompanying sum of three hundred and sixty pounds Halifax currency, which His Honor requests you will have the goodness to place to the credit of the Loyal and Patriotic Fund of Upper Canada, two hundred pounds thereof being the amount of His Honor's annual subscription, and one hundred and sixty, that of his proportion of the first dividend of the Niagara prize money.

The Lieutenant General regrets that this latter sum should have fallen so very far short of his expectations. But he trusts the next dividend will afford him a share better worth the acceptance of the Society, for the

r ulyaudable and benevolent purposes of so patriotic
and charitable an institution.

I have the honor to be,

Humble Servant,

Resolved, unanimously,

That the President of the Board of Directors do transmit to His Honor Lieutenant General Drummond, Patron of the Society, their thanks for his most liberal donation, highly gratified, that not only by the generosity of individuals, but by the legitimate spoils of the enemy, they will be enabled still further to continue that succour which they have hitherto afforded to the families of those who have bravely fallen in defence of this Province.

Resolved, That the above Resolution be inserted in the news papers of both Provinces, and the President is requested to solicit the permission of His Honor, to insert the above Resolution in the Provincial Gazettes.

A petition from Eleanor Berry, of Three Rivers,
addressed

addressed to Sir George Prevost, Baronet, stating herself to be the widow of Richard Berry, who was killed in defence of this Province, on the 27th April, 1813, while in the service of the Quarter Master General's Department, certified to be correct, by Lieut. Colonel Myers, Deputy Quarter Master General, and transmitted to the President by Major Glegg, one of the Directors of this Society, and read at the Board.

Resolved, That the Rules of the Society do not admit of any procedure upon this petition, but that due attention will be paid to a petition properly addressed, and supported by evidence of the respective facts, but in the mean time, Major Glegg may draw upon the Treasurer for ten pounds, for the immediate relief of Eleanor Berry, in consideration of his personal recommendation, as a Director.

Primo. Every petition must be addressed to the Society. The petition must be accompanied by evidence of the identity of the Petitioner, as represented in this, viz. That she is the widow of the deceased. That the deceased was killed in service as a militiaman, or volunteering with the militia, the particular circumstances in which she is left. And it should be certified by the Quebec Society, that her case does not entitle her to relief from it.

Appeared Jacob Wood, from the County of Oxford, and produced a certificate from Major Bowen, stating that he accompanied George Nichol from Oxford to Burtord, to give information of the advance of the American army, and in consequence of which his house, furniture, barn, hay, grain, joiner's shop, and tools were destroyed by the enemy.

Resolved, That the like sum of two hundred dollars, that was voted to George Nichol, be given to Jacob Wood, as his services were equally meritorious.

A certificate was also produced from Major Bowen, in favor of Henry Lestor, Serjeant of the Oxford Militia, stating that he had lost his grain, fences, and potatoes, by the depredations of the enemy ; and the certificate further states, that he is a loyal subject, and was always ready to defend the country when called upon by his superior Officers.

Resolved, That the sum of fifty dollars be given to Henry Lestor.

Jacob Wood was interrogated by the Society, whether he and George Nichol were paroled by General McArthur, previous to their giving the British warning of the approach of the American army : in answer, he stated, that he and George Nichol had left their homes on hearing of the approach of the enemy, and were so far from giving their parole, that they never were in the power of General McArthur, or his army.

The Directors put this question to Jacob Wood, because McArthur in his official report, states it as his reason for burning the houses, and destroying every thing belonging to these two men, that they had broken their parole.

The report of the Committee on the Treasurer's account, being laid before the meeting,

The report of the Committee, on the return of persons supposed to be entitled to marks of distinction from the Society, was read and adopted unanimously, and the thanks of the meeting presented to Lieutenant Colonel Chewett, and Mr. Robinson.

On further deliberation upon this report,

Resolved,

Resolved, That the Medals received from Lieutenant Governor Gore, be reserved for non-commissioned officers, and to order five hundred Medals of inferior size for privates, that fifty gold Medals be ordered for the present, for General and Field Officers, of the value of three guineas each.

Before the Society was pleased to direct this expence, it was thought expedient to review the original article, providing for rewards of merit, in defence of the Country, and declare the sense of the Society, that the limitation of 3 per cent on the subscriptions in foreign Districts, did not limit the general charge for that object, which remains at the discretion of the Directors.

Twelve large Medals of the value of five guineas were also ordered, and to cover the expence of all the Medals, one thousand pounds sterling was appropriated.

That the agents of the Society, in the District of Niagara, the Revd. Mr Addison and Thomas Dickson, Esqr be requested to prepare a report of persons in that District, entitled to the aid of the Society, adjusted in such manner, as to enable the Directors to divide among them, on the 23d day of June next, the sum of two thousand pounds, and to Mr. M'Intosh, and the Reverend Mr Ma chand, a similar representation, to enable the Directors to divide the sum of one thousand pounds, exclusive of any balance remaining on a

The Treasurer presented his accounts for audit, and likewise the following report :

In presenting an abstract of his general account to the Board of Directors, the Treasurer has the honor to report,

That since his last audit, the sum of six thousand nine hundred and eight pounds eleven shillings and four pence farthing, has been distributed among the sufferers by the war, and that the sum of four hundred and thirty seven pounds fifteen shillings and six pence stands appropriated by votes of the Board, but not yet expended, leaving the remainder, thirteen hundred and eighty four pounds two shillings and two pence, at the disposal of the Directors. That during this period, Lieut. General Sir Gordon Drummond, transmitted his second dividend of his prize money, for taking Fort Niagara, amounting to one hundred and forty pounds, to be applied in aid of the funds of the Society, and it may not be improper to remind the Society, that this donation added to those already given to the *Loyal and Patriotic Society* by our said late President, amount to five hundred pounds, Provincial currency, a noble donation, which cannot fail of exciting the warmest acknowledgements.

The Treasurer has likewise to acknowledge a donation of twenty pounds from Major General Shank, so well known in this Province.

The Treasurer takes this opportunity of reminding
the

the Board, that he was directed, when paying a donation in government bills, to any distressed person, agreeable to a vote of the Directors, not to demand the interest arising upon them, it being their unanimous wish to exercise their functions with the most liberal delicacy ; this accounts for the interest in the general abstracts, appearing less than it would have otherwise been, as it will be seen on examining the detailed accounts, to form part of the donation. There was seldom any portion of the Funds of the Society, bearing interest, except what was placed in the hands of Messrs. Gerrard, Yeoward, Gillespie & Co. and these Gentlemen, with uncommon liberality, paid interest for the sums deposited with them, though subject daily to the drafts of the Treasurer.

It will be seen, on examining the different abstracts, that during the first year, only the sum of nineteen hundred and thirty one pounds thirteen shillings and five pence, was distributed among sufferers ; the distress had not yet become so general, nor were the Funds of the Society, for the greater part of that time, such as to enable the Board of Directors to be so bountiful as they were inclined.

During the second year, the sum of two thousand four hundred and eighty six pounds two shillings and two pence was expended ; the situation of the Province was so critical, and the difficulty of communication so great, that with the utmost exertions on their part, the Directors on several occasions, failed in procuring

ring safe conveyances, or persons whom they could entrust, or who would take the trouble to seek out objects in distress, the principal people in each district being actively employed in the war. It ought likewise to be remarked, that while the war raged, distress was not so generally felt. Most persons had some connection, directly or indirectly, with the Government, and the inhabitants had entered so much into the spirit of the war, that they did not feel distresses which, at other times, would excite their most bitter complaints.

After the close of the war, the distress was greatly augmented, and more generally felt, applications became numerous, and the expenditure much more considerable, nor is the distress by any means relieved. Applicants are daily appearing, and altho' this Society has already distributed from its funds, between four and five thousand pounds, on the Niagara District, the Reverend Robert Addison and Thomas Dickson, Esqr. request, if possible, farther aid.

Resolved, That Lieut. Colonel Allan and Lieut. Colonel Cameron, and Grant Powell, Esqr. be a Committee to audit the Treasurer's Account.

The report was received. The Treasurer of the *Loyal and Patriotic Society's* Accounts having been examined and audited by us this day, we find in his hands thirteen hundred and eighty four pounds two shillings and two pence Halifax currency.

Signed W. ALLAN,
 D. CAMERON,
 GRANT POWEEL.

Resolved,

Resolved, That an additional donation of sixty one pounds fifteen shillings and two pence be given to Jacob Miller, on account of his great sufferings, which together with the sum already given him, amounts to one hundred pounds.

Resolved, That the sum of five hundred pounds be transmitted by the Treasurer to the Reverend Mr. Addison and Thomas Dickson, Esqr. to be distributed at their discretion, among the sufferers on the Niagara frontier.

Resolved unanimously, that the thanks of this Society be given to Messrs. Gerrard, Yeoward, Gillespie and Company, for taking charge of, and allowing interest on the liberal donations of the inhabitants of Lower Canada, to this Society, and for gratuitously answering from time to time the drafts of its Treasurer, so that the benevolent intentions of the subscribers have had their fullest and most beneficial effect.

Resolved unanimously, that the thanks of this Society be given to the Honble. and Reverend Doctor Strachan ; for his very eminent and gratuitous services as Treasurer of the Society ; and also for his indefatigable exertions in forwarding its humane and benevolent views.

Resolved, That the thanks of this Society be given to Alexander Wood, Esqr. for his gratuitous services, as Secretary of the Society, and his incessant exertions in forwarding its humane and benevolent views.

REMARKS.

This man's distress exceeds almost any thing that has come before the Society. His eldest son volunteered in the flank company; was at the battle of Queenston, and on the lines during the whole campaign of 1812. In December he caught the measles, and being exposed to cold, was ill for more than twelve months. His second son was likewise on duty, and behaved well at the battle of York, but returned sick, and after lingering two months died. His third son was in the militia, and caught cold escorting prisoners to Kingston, which terminated in a fever, which left him full of running sores, which still continue open and render him totally incapable of labour, or even of taking care of his person. His fourth son was also upon duty with the militia, and likewise himself, by all which his farm was neglected, his wife and younger children exposed to much hardship; from a competence he is reduced to necessity. This case was so peculiarly distressing, that the society ordered him for present relief, not meaning that their donation should be limited to this sum.

These two women came down to get their pension, but some difficulty preventing them, they were unable to get home, the society ordered them each £10, to enable them to return.

REMARKS.

During the sessions of Parliament, when Mr. Addison attended the duty of the Legislature, Mrs. Addison continued to assist the poor people, and to this amount.

This Gentleman was frequently employed to distribute the benevolence of the Society. The present small sum was given to various distressed persons who came back to Niagara after it was burnt, and lived in root houses and cellars, and under a few boards, leaning upon the chimneys still standing.

This was a brave Militiaman wounded in the eye; he was assisted by the Society at York to a much larger amount,

Very poor with a large family.

This money was given at different times to the poor old distressed women who were entirely ruined by the war.

Given at different times in the same situation with the last.

This woman lost her husband from great fatigue in the service, and has a very large family.

This Gentleman exerted himself with great bravery; his father died leaving a large family, and he had the misfortune to be taken prisoner. This small testimony of respect was presented to him by the Reverend Mr. Addison; he was afterwards noticed, as well as his Mother by the Society.

This money was given to this Pauper at various times; the usual means of supply from the distressed rates being dried up by the war.

Her husband died of a disease contracted during hard service in the Militia; she received this money at different times.

A Pauper distressed by the war.

This was given to defray the funeral of Robert Bulge.

This money was paid for taking care and boarding, &c. Robert Budge, to Mrs. Clarke, by Mr. Heron at the desire of the Revd. Robert Addison.

This given to Mrs. Clarke for burying Betty Feathers and other humane actions.

This money given at many different times in small sums; the poor woman was in great want, and on account of the dearness of every thing, the aid that she had been accustomed to receive from the district would have been insufficient.

This was a most active loyal Militiaman, was plundered by the enemy, and has a large family; Mr. Addison gave him ten pounds Halifax, to purchase tools to resume his trade, Hatter.

This poor man was in great distress.

This money was distributed by Mr. Edmonds and Mr. Heron, and allowed by Mr. Addison.

He was taken prisoner and lost every thing except the clothes on his back.

This money was given in different sums to Widow Secord by Thomas Dickson, during the summer 1814, to relieve sufferers in St. David's, first £25, then £75, and afterwards £10. A detailed account of its expenditure has not been forwarded to the Treasurer, by Widow Secord, but from Mr. Dickson's report, the Society are convinced that it was most faithfully and usefully distributed.

REMARKS.

This money given to Mr. Burns by Thomas Dickson, Esquire, first £45, and then £50, to be distributed at Stamford and neighbourhood, the distress was extreme, among those not employed by Government, particularly among woman and children, and although there has no detailed account reached the Society, yet they have no doubt of its most faithful application.

Her husband was at this time a prisoner in the United States; this paid at two different times.

REMARKS.

The Loyal and Patriotic Society of Upper Canada, anxious to extend the benefits of the institution through the whole Province, voted the sum of Five Hundred Pounds, Halifax Currency, to be distributed in the Eastern District, as circumstances may require, to such persons in distress, as come within the provisions of their constitution.

The Society was induced to make this liberal grant, on account of the depredations committed on the inhabitants of that part of the Province, by the American army during the recent invasion. Of this money, the Treasurer has distributed the sums following, * and, in the name of the Society, request the Reverend John Bethune, the Revd. Alexander McDonnell, the Revd. Mr. Baldwin, Judge Anderson, and Col. McLean, to form themselves into a committee for distributing the remainder, by granting relief to Militiamen, who have been wounded, or in distress, occasioned by military duty, or those who have been plundered by the enemy, guiding their bounty by the constitution of the Society. Mr. John Bethune, junior, is requested to act as Secretary, and Mr. Gny C. Wood as Treasurer. The Secretary will bring before the Committee, such cases as appear worthy of their attention, and the Treasurer will pay from the fund in his hands, any order signed by two or more of the Committee, and countersigned by the Secretary; such an order being to him a sufficient warrant.

The General Society at York, are led to hope that the aid which they have thus given to the inhabitants of the Eastern District, will induce them to subscribe liberally among themselves in addition to that aid, in order to alleviate, as far as possible the pressure of the war; and they beg leave to remind the subscribers, that, by their constitution, every person contributing ten pounds per annum, during the war, is virtually a Director, and has a right to assist at all the deliberations of

the Committee above named; and to be summoned to all their meetings by the Secretary. So that all such subscribers of ten pounds a-year, and members of the Committee of Distribution, in virtue of their subscription. As it is a principal object with the Society, to nourish affection for the Government, and a determined resistance to the enemy; the Committee will be careful to attend to that part of the constitution, which excludes all those who have deserted their posts, or have given just cause of suspicion for participating in their bounty.

At a General Meeting, holden at the City of London Tavern, on Tuesday, the 6th day of July, 1813, to consider of a Subscription for the Relief of the Inhabitants of the British North American Colonies, who have been involved in Distress, by the invasions of these Provinces, by the American army.

His Royal Highness the Duke of Kent in the Chair.

Resolved,

That this meeting are deeply impressed with the strongest sentiments of admiration, at the unshaken loyalty, fidelity, and attachment, of the inhabitants of His Majesty's North American Colonies, and of their gallant defence of these Provinces, which were attacked on the Declaration of War, by the American army.

That three successive invasions of the Province of Upper Canada, to which the chief exertions of the enemy were directed, have been repelled by the valour of the Volunteers and Militia, in

aid of a small number of His Majesty's forces, and the invading army has invariably been compelled to surrender to a force, collectively of a much smaller amount, and of which the regular troops, have seldom exceeded one tenth of the number of the enemy.

That the severe sacrifices and losses, usually attendant on the invasion of any country, have particularly afflicted His Majesty's American Provinces, attacked by the enemy; as in every instance, the inhabitants have volunteered to a man under the age of seventy, leaving their farms, upon the produce of which their support depend, uncultivated and neglected: That the consequent privations and distress it has occasioned to themselves and their families, are just objects for the generosity and liberality of the British nation.

That this Meeting, in appealing to the public feelings on the present occasion, cannot but anticipate an extension of that bounty, in alleviation of the sufferings of their fellow countrymen, which has been so liberally bestowed on our Portuguese, Russian, and German allies,

That a subscription be now opened.

That a Committee be appointed, with leave to add to their number, but any five to be a quorum, to manage this Subscription, viz :—

His Royal Highness the Duke of Kent.

The Most Noble the Duke of Northumberland.

Lieutenant-Governor Gore.

John Inglis,	Christopher Idle,

John L. Venner,	Thos. Starling Benson,

Andrew Belcher,	James Daniell,
William Parker,	George Shedden,
Alexander Gillespie,	John Goodall,
William Henderson,	John Usborne,

That His Royal Highness the Duke of Kent, be requested to accept the thanks of this meeting, for his able and impressive speech on this occasion, and for the gracious condescension with which he has been pleased to countenance and support the object of this Meeting.

That the following Bankers be requested to receive Subscriptions for the purposes of this Meeting :—

APPENDIX.

No. 1.

YORK, 22d November, 1812.

An Exhortation pronounced after the Sermon, or rather in continuation of it, to induce the Inhabitants to contribute to the comfort of the Militia fighting upon the Lines. Several of the Inhabitants had agreed on the propriety of the measure, and requested that a Meeting to take it into consideration might be called from the pulpit.

THE train of thought pursued in the sermon, may serve to put your minds into that benevolent frame which best corresponds with the proposition which I am about to make. We are engaged in an arduous war with our neighbours—a war most unjust and unprovoked ; but hitherto our affairs, through the blessing of God, have prospered in a most astonishing manner. It is impossible to contemplate the various events of the campaign without acknowledging a protecting Providence guiding our steps and lead-

ing us to victory. But we are not to expect this tide of prosperity to continue if we do not, next to a firm reliance on Almighty God, exert all our physical powers. The blessing of heaven aids our endeavours, but does not stand in their place : the husbandman tills the ground, and God giveth the increase.

Notwithstanding our brilliant success upon land, we are critically situated ; our exertions by water have not been equally prosperous, and our naval superiority appears now to be gone. That we may still retrieve it, seems sufficiently clear, provided we exert ourselves quickly, and the forbearance which we have hitherto exhibited, may have its advantages. It must convince our enemies that we did not anticipate hostilities ; and even after their commencement, we did not think that they would continue. The time of forbearance is now past, and we must come forward with courage and alacrity ; nor are we to relax our exertions under the supposition that negociations are going forward ; we must not be anxiously enquiring for flags of truce, for conditions of peace, for respites from the war, but we must prepare for the event, and we must for ever keep in mind, that it was more difficult for the dominant faction of the enemy to declare the war, than to maintain it after it is begun. It ought

not to be concealed, that very different causes from those of a commercial nature, has produced this contest. Our neighbours seek this province, they seek it because it is the only bar to the success of their system of driving back, and exterminating the Indians. They know that so long as we keep possession of this country, we will protect these unfortunate men, and supply them with means of defence.

The preparations which they made for our subjugation, prove how very important they consider this province—they sent an army to attack us during a profound peace, when they were offering terms of conciliation to our Ambassador; but they have been vanquished and disgraced, and this country will now attract the attention, and excite the admiration of the most distant nations. It will be told by the future Historian, that the Province of Upper Canada, without the assistance of men or arms, except a handful of regular troops, repelled its invaders, slew or took them all prisoners, and captured from its enemies the greater part of the arms by which it was defended. The loyalists, their children and connections, who have been so long the peculiar care of the British empire, have proved that they are deserving of their attention—that they merit the farther protection of not

being allowed to fall a prey to their former implacable enemies, or of being long left without the most powerful assistance. And in return, our parent state has a right to expect the continuance of our exertions, commenced so gloriously; and that while we cling to her as our anchor and hope, it will be with firmness and resolution. And never, surely, was greater activity shewn in any country, than our militia have exhibited, never greater valour, cooler resolution, and more approved conduct; they have emulated the choicest veterans, and they have twice saved the country. They are still upon the Lines, still ready to repel and destroy every invader.—But while a great portion of our inhabitants are employed in military duty, what are we doing? Are we sustaining any part of the burden? Are we content with criticising their labours, and making gloomy anticipations? Would it not be better for us to share in the burden, and as our services are not wanted in the field, to contribute as much as possible to the comfort of those who are called out?

Impressed with the propriety of thanking our noble defenders, several gentlemen of the first respectability, have suggested the propriety of calling a meeting of the inhabitants of York, to subscribe as liberally as their circumstances

will admit, for the purpose of purchasing flannel shirts, and other comforts for the militia at Niagara. And we ought to consider, that it is much better to expend some part of our property on our friends and protectors, than in contributions to the enemy. It is not to be concealed, that this is in all appearance the only alternative.— Let us then come forward, chearfully and liberally. This is not a time for backwardness, for calculating interests ; every thing is at stake, our property, our lives and liberties are in immediate hazard, we cannot pretend the danger is distant, it is hovering around us, and can only be averted by the most determined exertions. Let us then unite like a band of brothers. Let us come with full hands and liberal hearts. Let us convince our noble defenders, that we are anxious to share in their difficulties, that we are employed in contributing to their comfort, and thoughtful of their welfare, while they are engaged in the war.— Let us emulate the liberality of the Israelites in contributing to the Tabernacle of the Lord, for our Tabernacle of safety, through the blessing of God, consists in our friends and brothers, our sons and companions who are on the Lines.— And we have no time to lose, the Armistice is at an end, every moment an attack may be expected ; when you meet them to-morrow, in this place consider that what you give is so much

saved from the enemy, it is so much saved from the burning ; a pledge of your patriotism, a mark of your sincerity in the cause which we have to defend. On this occasion, I do not only address myself to the gentleman of the town and vicinity; the assistance of the ladies will also be required, to finish the plan we have in contemplation ; but there is something in the female character, so generous, humane, and benevolent, that when their assistance is necessary, they require no exhortation, they anticipate what is wanting, and surpass expectation.

When we intimate, therefore, that we shall request their aid, in making up such articles of clothing as we may deem most necessary for the comfort of our defenders, they will rejoice in the opportunity of proving their zeal, and offer their services with alacrity. The time is come for all of us to shew that we are worthy of the freedom we possess ; to prove that if our present services are not required, we are ready to contribute our equivalent, that we are all united, heart and soul in the cause, and that we are worthy of our name and nation.

And when our parent state shall come to the knowledge of our exertions, when the film respecting our vindictive enemy shall be withdrawn

from her eyes, and she shall behold what we have done and are doing, we who have shared in her generous bounty, who are dear to her from our former sufferings; she will raise her energies, she will stretch forth her protecting arm, and rescue us from our treacherous foes; she will do more, she will avenge us on our enemies, and she will acknowledge us as her children with pride and exultation. -Let us not then, my brethren, be wanting to ourselves, let us prove ourselves a part, and a pure part of that illustrious nation, who combats for the freedom of nations; and let us not despond, should reverses be experienced, for they will soon be returned with interest upon our foes. When you meet them to-morrow, consider your subscription as so much paid for the safety of all you possess, as a debt you owe to our warriors, as a proof of your sincerity in the cause, and an earnest of still greater exertions, if hereafter found necessary. England expects all her children to do their duty, and it is ours at this moment, to comfort those who are fighting our battles, and defending every thing dear to us at the hazard of their lives.

The Inhabitants of York, anxious to contribute something towards the comforts of the Flank Companies, during the inclemency of the weather, have given the sums opposite their names, for this purpose, and they request the co-operation of all the Inhabitants of the Home District, in granting them such assistance as they shall find convenient for promoting this laudable design.

They are confident that similar exertions will be made in the other Districts, in favour of their respective Flank Companies; by which, it will appear, that all are willing to share in the difficulties of the present contest; and though left at home, they are not forgetful of their brethren in arms.

No. 2.

THE Gentlemen and Householdors of this town and vicinity, are requested to meet in this church, on Tuesday, at one o'clock, when some matters in which they are exceedingly interested, will be submitted to their consideration.

The inhabitants of this place, have already come forward with a zeal and alacrity, which does them infinite honor to contribute to the comforts of our brave defenders. But on further

consideration, it has been thought that something more might be done, not of a temporary, but of a permanent nature.

It is well known that while many of our fellow subjects are on the Lines, repelling invasion; their families are suffering the greatest distress at home. The great object of our meeting on Tuesday, is therefore, to ameliorate this distress, and to contrive the means of protecting destitute families, deprived by the calamity of the times of their natural guardians. This is an object so excellent, and the claims of such families are so strong upon us all, that it is altogether unnecessary for me to exhort you to come forward to the utmost extent of your ability—the statement of the thing itself will suggest to every one the most irresistible motives; and the exertions already made, are a pledge that greater may yet be expected. Permit me only to mention one claim out of so many. It is owing to the militia, that we are enabled to meet here on Tuesday next; had it not been for their bravery, this place, and all we possess, would have been in the hands of the enemy. We ought not then, to grudge a part, to those who have saved the whole,

The necessary details will be delivered on

Tuesday ; and I confidently hope that the result of the meeting will be the most creditable to all who give their attendance.

An Address to the York Militia, on the subject of the Patriotic Society.

Gentlemen,

In the unprovoked war waged against us by the American Government, providence hath evidently smiled on the justice of our cause. But our exertions have been attended with many privations and sacrifices hard to be borne ; and should hostilities continue, many more will be required.—In order to mitigate some of these, the inhabitants of York came forward to contribute towards the comforts of the Flank Companies, and a large sum of money was raised for that purpose, of which the greater part is expended : but on reflection, it appeared that something more might be done of a permanent nature ; and that portion of the inhabitants who are not liable to military duty, eager to

prove that their zeal in the cause, is not inferior to that of those who are in actual service, formed themselves into a Society, named *The Loyal and Patriotic Society of Upper Canada*, for the following distinct purposes.

1st.—To afford aid and relief to such families of the Militia, in all parts of the Province, as shall appear to experience particular distress, in consequence of the death or absence of some of their friends and relations.

2nd.—To afford like aid and relief to such Militiamen as have been, or shall be disabled from labour, by wounds or otherwise, in course of the service aforesaid.

3rd.—To reward merit, excite emulation, and commemorate glorious exploits, by bestowing medals, or other honorary marks of public approbation and distinction; for extraordinary instances of personal courage, or fidelity in defence of the Province by individuals, either of His Majesty's regular or militia forces, and also the seamen on the Lakes.

This Society, so honorable in its nature, and which, we hope will prove most important in its consequences, was first suggested by the Honble.

Mr. Silby, and received with acclamation. In a public meeting of the gentlemen of York and its vicinity, the Chief Justice explained in a very interesting speech, the great advantages likely to result from it, if generally supported and assisted by his most respectable colleagues, prepared rules for its management: to these, the meeting gave their cordial assent, and in a few minutes, nearly two thousand dollars per annum were subscribed. There are some who have given during the continuance of the war, one tenth of their income. General Sheaffe, in a letter to the Chief Justice, our chairman, not only extols in the warmest language the objects of the Society, but far exceeding our sanguine expectations, presents us with two hundred pounds.—Colonel Bishoppe, a stranger, and not an inhabitant of the Province, with a liberality above all praise, subscribes one hundred pounds.

Now, Gentlemen, my object in addressing you, is to procure your co-operation foremost in deeds of warlike glory; we are desirous that you should become sharers in this work of benevolence. Let your contribution be as small as you please, a halfpenny, a farthing per day, any thing to shew your good will. It is not the value of what you give, it is your countenance

that we desire. We know that your means are narrow, but your example is inestimable ; and we shall be proud in having you for our companions and supporters in mitigating the distresses incident to the war. And when it is heard that the York volunteers and their comrades, the first in danger, have patronised this Society, the militia of the other districts, anxious to emulate the military glory of the conquerors of Detroit and Queenston, will hasten to imitate you, in contributing to the support of our benevolent design. Those that join will intimate to their captains, what they are willing to give, while on actual service, that it may be paid over monthly to the treasurer, and they will remember, that they are soothing the anguish of the sick and wounded ; protecting helpless children and aged parents, and doing all they can to keep at a distance from those they love and revere, all the privations and horrors of the war.

Long Point, 1st June, 1814.

Sir,

In compliance with the wishes of the Committee appointed for the distribution of the sum of money, appropriated by the Legislature of Nova Scotia, towards the relief of the sufferers by the war, in this Province, I have the honor to transmit to you for their consideration, a return of the loss sustained by the inhabitants of the County of Norfolk, when the enemy landed at Dover. Colonel Talbot has the honor of stating to the Loyal and Patriotic Society—" That on the sixteenth of last month, the enemy, amounting to upwards of one hundred men, composed of Indians and Americans, painted and disguised as the former, surprised the settlement of Port Talbot, where they committed the most wanton and atrocious acts of violence, by robbing the undermentioned Fifty Heads of Families of all their horses, and every particle of wearing apparel and household furniture, leaving the sufferers naked, and in the most wretched state.

MINUTE of proceeding by the Trustees appointed by Lieutenant General Drummond, President, administering the government of Upper Canada, to distribute the Nova Scotia benevolence to the Sufferers by the war in this Province.

1814.

May 12.—Received communication of the vote of the Nova Scotia Legislature, and arrangement for transmission of the fund—accepted the trust, and notified such acceptance to the President.

May 17.—Wrote Circular letters unto the several Districts for information on the subject.

June.—The Judges received information of the particular case of Mr. Symington's family, and drew on their behalf on the Board, Doctor Strachan, for fifty pounds.

July 26.—Transferred this sum to the credit of the Loyal and Patriotic Society, from inability to procure the money transmitted from Nova Scotia.

1815.

March 16.—The sum of two thousand five hundred pounds, being received this day by Dr. Strachan; and the Loyal and Patriotic Fund,

having hitherto afforded relief to the distress represented, resolved to visit the Frontier, and seek out subjects for this benevolence, and to apply it to the relief of the sufferers by the conflagration of Newark, and the houses on the line to Fort Erie.

1816.

May.—Mr. Justice Campbell's attendance at the Eastern term, being prevented by indisposition, and the same cause continuing his absence from York, communicated to him the intention to visit the Frontier in person, and on receiving his approbation of the measure, requested Mr. Dickson, and the Reverend Mr. Addison, who had been agents for the distribution of the Loyal and Patriotic Fund in the District, to ascertain the names of the sufferers at Newark,, and on the line to Fort Erie, especially from conflagration by the enemy, and to announce the day when that money would be distributed.

1816.

June 20.—Left York, and on the 22d arrived at Stanford—procured returns of houses burned at Newark, on the line to Fort Erie, and in the village of St. Davids.

June 23, 24.—Deliberated on the means of giving the best effect to the liberality of the sister Province.

After canvassing various propositions for the

distribution, agreed to limit it to the town of Newark, and the line to Fort Erie : and as we formed a Board of Directors of the Loyal and Patriotic Society, and had at our disposal the sum of two thousand pounds of their funds for this District, decided to relieve the sufferers at St. Davids from it.

Agreed to abstract from the list for relief, all such, as, upon good information, would receive no essential benefit from the partial relief the fund would afford.

1815

May 25.—Called to our assistance Colonel Dickson, the Revd. Mr. Addison, Mr. Swayze, Mr. Clench, and Major Secord, to estimate the value of the buildings, and the relative circumstances of the sufferers.

The houses burned at Newark, were in number

	80	value	£30,520
On the Line,	18	-	6,050
	<hr/>		<hr/>
	98		£36,570

The properties of those not supposed in distress,	}	22,525
--	---	--------

The money distributed among the remainder, the value of whose properties amounted to £14,045.

Canvassed the several propositions for distribution, viz.—by an equal per centage on the average of the whole loss, so that all would receive something, and estimating the greatest want by the lowest value, thus to augment the proportion in favour of the most distressed without varying the sum.

Upon this proposition, otherwise satisfactory, it was found that some would receive more than their whole loss, and a rateable proportion was adopted, diminishing as the sum of loss increased, and upon this principle, the sum of two thousand five hundred and fifty-nine pounds, eighteen shillings and four-pence, three-farthings, was distributed; exceeding the principal and interest of the sum received, as per schedule hereunto annexed; the excess being furnished from the Loyal and Patriotic Society—as from some cause no direct application was made to the Trustees, the sum appropriated for each sufferer was notified to the individual by a circular, a copy of which is annexed.

(Signed) WILLIAM DUMMER POWELL,
Stamford, 28th June, 1815.

CIRCULAR LETTER.

SIR,

The Province of Nova Scotia, having voted the sum of two thousand five hundred

pounds for the relief of the sufferers on the Niagara Frontier, from the conflagration of their houses by the enemy. The Trustees appointed by the late President Sir Gordon Drummond, to distribute the fund, have deposited in the hands of Thomas Dickson, Esq. of Queenston, the sum of to be paid to your receipt on demand.

They have done this on the supposition that such a sum might be acceptable, although no application to share in this benevolence has been made on your part.

Should you decline the acceptance of this sum, the Trustees request you to signify your pleasure to Mr Dickson, as early as possible, after receipt of this, in order that it may be divided amongst others.

No. 9.

*To Thomas Jefferson, Esquire of Monticello, Ex-President of the
United States of America.*

SIR,

IN your letter to a member of Congress recently published respecting the sale of your library,* I perceive that you are angry with the British, for the destruction of the public buildings at Washington, and attempt with your accustomed candour to compare that transaction to the devastations committed by the barbarians in the middle ages. As you are not ignorant of the mode of carrying on the war, adopted by your friends, you must have known that this was a small retaliation after redress had been refused for burnings and depredations not only of public but private property committed by them in Canada; but we are too well acquainted with your hatred to Great Britain to look for truth or candour in any statement of yours, where *she* is concerned. It is not for your information, therefore, that I relate in this letter, those acts of the army of the United States in the Canadas, which provoked the conflagration of the public buildings at Washington, because you are well acquainted with them already; but to shew the world that to the United States and not to Great Britain must be charged all the miseries attending a mode of warfare, originating with them, and unprecedented in modern times.

A stranger to the history of the last three years, on reading

(* Note.)

Monticello, 21st Sept. 1814.

DEAR SIR,—"I learn from the newspapers that the vandalism of our enemy has triumphed at Washington over science as well as the arts, by the destruction of the public library, with the noble edifice in which it was deposited. Of this transaction, as that of Copenhagen, the world will entertain but one sentiment. They will see a nation suddenly withdrawn from a great war, full armed and full handed, taking advantage of another, whom they had recently forced into it; unarmed, and unprepared to indulge themselves in acts of barbarism which do not belong to a civilized age."

this part of your letter would naturally suppose that Great Britain in the pride of power had taken advantage of the weak and defenceless situation of the United States to wreak her vengeance upon them. But what would be his astonishment when told that the nation said to be unarmed and unprepared, had provoked and first declared the war, and carried it on offensively for two years, with a ferocity unexampled before the British had the means of making effectual resistance—war was declared against Great Britain by the United States of America in June 1812. Washington was taken in August 1814. Let us see in what spirit your countrymen carried on the war during this interval.

In July 1812, General Hull invaded the British province of Upper Canada, and took possession of the town of Sandwich. He threatened (by a proclamation) to exterminate the inhabitants, if they made any resistance; he plundered those, with whom he had been in habits of intimacy for years before the war. Their plate and linen were found in his possession after his *surrender to General Brock*. He marked out the Loyal subjects of the King, as objects of peculiar resentment, and consigned their property to pillage and conflagration. In autumn 1812 some houses and barns were burnt by the American forces near Fort Erie in Upper Canada.

In April 1813, the public buildings at York, the capital of Upper Canada, were burnt by the troops of the United States, contrary to the articles of capitulation. They consisted of two elegant Halls with convenient offices, for the accommodation of the Legislature, and of the Courts of Justice. The library and all the papers and records belonging to these institutions were consumed at the same time the Church was robbed, and the Town Library totally pillaged. Commodore Chauncey, who has generally behaved honourably, was so ashamed of this last transaction, that he endeavoured to collect the books belonging to the Public Library, and actually sent back two boxes filled with them, but hardly any were complete. Much private property was plundered, and several houses left in a state of ruin;

Can you tell me, sir, the reason why the public buildings and library at Washington, should be held more sacred than those at York? A false and ridiculous story is told of a scalp having been found above the Speaker's Chair intended as an ornament.

In June 1813, Newark came into the possession of your army (after the capture of Fort George) and its inhabitants were repeatedly promised protection to themselves and property, both by General Dearborn and General Boyd. In the midst of these professions, the most respectable of them, altho' non-combatants, were made prisoners, and sent into the United States. The two churches were burnt to the ground; detachments were sent under the direction of British traitors to pillage the Loyal Inhabitants in the neighbourhood, and to carry them away captive. Many Farm houses were burnt during the summer, and at length to fill up the measure of iniquity, the whole of the beautiful village of Newark, with so short a previous intimation, as to amount to none, was consigned to the Flames. The wretched inhabitants had scarcely time to save themselves, much less any of their property. More than four hundred women and children were exposed without shelter on the night of the tenth of December, to the intense cold of a Canadian winter, and great numbers must have perished, had not the flight of your troops after perpetrating this ferocious act, enabled the inhabitants of the country to come in to their relief.

Your friend Mr. Madison has attempted to justify this cruel deed, on the plea that it was necessary for the defence of Fort George. Nothing can be more false. The village was some distance from the Fort; and instead of thinking to defend it, General McClure was actually retreating to his own shore, when he caused Newark to be burnt. This officer says that he acted in conformity with the orders of his government; the government finding their justification useless, disavow his conduct. McClure appears to be the fit agent of such a government. He not only complies with his instructions but refines upon them by choosing a day of intense frost, giving the inhabitants almost no warning till the fire began, and commencing the conflagration in the night.

In Nov. 1813, the army of your friend General Wilkinson committed great depredations in its progress through the eastern district of Upper Canada, and was proceeding to systematic pillage, when the commander got frightened, and fled to his own shore, on finding the population in that district inveterately hostile.

The history of the two first campaigns prove beyond dispute, that you had reduced fire and pillage to a regular system. It was hoped, that the severe retaliation taken for the burning of Newark, would have put a stop to a practice so repugnant to the manners and habits of a civilized age; but so far was this from being the case, that the third campaign exhibits equal enormities. General Brown laid waste the country between Chippawa and Fort Erie, burning mills and private houses and rendering those not consumed by fire uninhabitable. The pleasant village of St. David, was burnt by his army when about to retreat.

On the 15th of May, a detachment of the American army, under Colonel Campbell, landed at Long Point, district of London, Upper Canada, and on that and the following day, pillaged and laid waste as much of the adjacent country as they could reach. They burnt the village of Dover, with the mills, and all the mills, stores, distillery, and dwelling houses in the vicinity, carrying away such property as was portable, and killing the cattle. The property taken and destroyed on this occasion, was estimated at fifty thousand dollars.

On the 16th of August, some American troops and Indians from Detroit, surprised the settlement of Port Talbot, where they committed the most atrocious acts of violence, leaving upwards of 234 men, women, and children, in a state of nakedness and want.

On the 20th of September, a second excursion was made by the garrison of Detroit, spreading fire and pillage through the settlements in the Western district of Upper Canada. Twenty seven families were reduced on this occasion to the

greatest distress. . . . Early in Nov. Gen. Mc Arthur, with a large body of mounted Kentuckians and Indians, made a rapid march through the Western, and part of the London districts, burning all the mills, and destroying provisions, and living upon the inhabitants. If there was less private plunder than usual, it was because the invaders had no means of carrying it away.

On our part, sir, the war has been carried on in the most forbearing manner. During the two first campaigns, we abstained from any acts of retaliation, notwithstanding the great enormities which we have mentioned. It was not till the horrible destruction of Newark, attended with so many acts of atrocity, that we burnt the villages of of Lewiston, Buffalo, and Black Rock. At this our Commander paused. He pledged himself to proceed no farther, on the condition of your returning to the rules of legitimate warfare. Finding you pursuing the same system this last campaign, instead of destroying the towns and villages within his reach, to which he had conditionally extended his protection, he applied to Admiral Cochrane to make *retaliation* upon the coast. The Admiral informed Mr. Monroe of the nature of this application, and his determination to comply, unless compensation was made for the private property wantonly destroyed in Upper Canada. No answer was returned for several weeks, during which time Washington was taken. At length, a letter purporting to be answered, arrived, in which the Secretary dwells, with much lamentation, on the destruction of the public buildings at Washington; which notwithstanding the destruction of the same kind buildings at the capital of Upper Canada, he affects to consider without a parallel in modern times. So little regard has he for truth, that at the very moment of his speaking of the honor and generosity practised by his government in conducting the war, General Mc Arthur was directed by the President to proceed upon his burning excursion.

Perhaps you will bring forward the report of the Committee appointed by Congress to inquire into British cruelties, and to

class them under the heads furnished by Mr Madison, as an offset for the facts that have been mentioned. The committee must have found the subject extremely barren, as only one report has seen the light; but since the articles of accusation are before the public, and have been quoted by the enemies of England, as capable of ample proof, let us give them a brief examination.

1st. Ill treatment of American prisoners.

2d. Detention of American prisoners as British subjects, under the pretext of their being born on British territory, or of naturalization.

3d. Detention of sailors as prisoners, because they were in England when war was declared.

4th. Forced service of American sailors, pressed on board English men of war.

5th. Violence of flags of truce.

6th. Ransom of American prisoners taken by the savages in the service of England.

7th. Pillage and destruction of private property in the bay of Chesapeake, and the neighbouring country.

8th. Massacre of American prisoners surrendered to the officers of Great Britain, by the savages engaged in its service. Abandoning to the savages the corpses of American prisoners killed by the English, into whose hands they had been surrendered; pillage and murder of American citizens, who had repaired to the English, under the assurance of their protection; the burning of their houses.

9th. Cruelties exercised at Hampton in Virginia:

1st. *Ill treatment of American prisoners.*

General Brock sent all the militia taken at Detroit home on their parole, accompanied by a guard to protect them from the Indians, detaining only the regulars, whom he sent to Quebec, where they met with the most liberal treatment, as the honest among them have frequently confessed. General Sheaffe acted in the same manner after the battle of Queenston, keeping the regulars and dismissing the militia on their parole. Nor was this liberal course departed from, till the gross misconduct of the American government, in liberating without exchange, those so sent home, and in carrying away non-combatants, and seizing the whole inhabitants of the districts, which they invaded, rendered it absolutely necessary.

When they were not able to take all the armed inhabitants away, they made those they left sign a parole; a conduct never known in the annals of war, the conditions of which not only precluded them from afterwards bearing arms, but from giving in any manner their *services to government*. The farmers were dragged out of their houses and carried into the States. Clergymen were forced to give their parole; in fine it appeared to make no difference whether a man was in arms or not, he was sure to experience the same treatment.

Many people, when prisoners, have been treated in the most infamous manner. Officers, tho' sick and wounded, have been forced to march on foot through the country, while American officers taken by us were conveyed in boats or carriages to the place of destination.

Our captured troops have been marched as spectacles through the towns, altho' you affect to complain of Hull's and other prisoners being marched publicly into Montreal. The officers of the 41st regt were confined in the Penitentiary at Kentucky, among Felons of the most infamous description. They were treated with harshness; often with cruelty, and persons, who wished to be kind to them, were insulted by the populace,

Even the stipulations, respecting Prisoners, agreed to by the American government, have been most shamefully broken. Sir George Prevost and Mr. Madison agreed that all prisoners taken before the 15th day of April, 1814, should be exchanged on or before the 15th day of May last, to be conveyed into their respective countries by the nearest routes. On that day the Governor in Chief faithful to his engagements, sent home every American prisoner: but the Government of the United States seemed for a long time to have totally forgotten the stipulation. A few Prisoners were sent back in June, but many of the officers and all the soldiers of the 41st Regiment, were detained till towards the end of October. To the soldiers of this Regiment (as indeed to all others) every temptation had been presented to induce them to desert and enlist in their service by money, land, &c. After it was found impossible to persuade any number of them to do so, the American government encamped them for nearly two months in a pestilential marsh near Sandusky without any covering. There having neither shelter nor the necessary quantity of provisions, they all got sick, many died, and in October, the remainder were sent to Long Point, sick, naked and miserable. From this place they could not be conveyed, till clothes had been sent to cover their nakedness; great numbers sunk under their calamities, and the utmost care and attention were required to save any of them alive. Such an accumulation of cruelty was never exhibited before.

The government of the United States assumed the prerogative of relieving officers from parole without exchanging them, and even Commodore Rodgers took twelve seamen out of a cartel, as it was proceeding to Boston Bay, and was justified for this outrage by his government.

2d. Detention of American Prisoners as British Subjects.

It is notorious that a great many of the American army have been British subjects since the commencement of the war; and had we determined to punish these traitors with death, if found invading our territories, and after giving them warning, acted

up to such a determination, it would have been strictly right and in such case very few would have entered Canada. While these persons act merely as Militia defending their adopted country against invasion, some lenity might be shewn them; but when they march into the British Provinces for the sake of conquest, they ought to be considered Traitors to their King and Country, and treated accordingly.

3d. Detention of Sailors as Prisoners, because they were in England when war was declared.

This accusation is ridiculous, as sailors are always considered in the first class of combatants; but it comes with an ill grace from those who have detained peaceable British subjects engaged in civil life, and banished fifteen miles from the coast, those of them who happened to be in America at the declaration of war, and treated them almost in every respect like Prisoners of war, according to Bonaparte's example.

4th. Forced service of American Sailors, pressed on board of English Men of war.

This accusation has been often made, but never coupled with the offer of Mr Forster to discharge every American so detained on being furnished with the list. The list was never furnished.

5th. Violence of Flags of Truce.

This accusation of Mr. Madison contains about as much truth as those that have been already examined. We shall give two examples of the treatment experienced by the Bearers of Flags of Truce from the British Army.

Major Fulton, Aid-de-Camp to General Sir George Prevost, was stopped by Major Forsyth of the United States army at the outposts, who insulted him most grossly, endeavoured to seize his dispatches and threatened to put him to death. So much ashamed were Forsyth's superiors at this outrage, that he was sent for a short time, to the rear.

General Proctor sent Lient. Le Breton to General Harrison after the battle of Moravian Town, to ascertain our loss of officers and men ; but instead of sending him back, General Harrison detained him many weeks, took him round the lake ; and after all did not furnish him with the required information, which had been otherwise procured in the mean time.

6th. Ransom of American prisoners taken by the savages in the service of England.

Some nations of the natives were at war with the Americans, long before hostilities commenced against England, many others not. When attempts were made to conquer the Canadas, the Indians beyond our territories, part by choice, and part by solicitation, came and joined us as Allies, while those within the Provinces, had as great an interest in defending them, as the other proprietors of the soil. To mitigate as much as possible the horrors of war, it was expressly and repeatedly told the Indians that scalping the dead and killing Prisoners or unresisting enemies, were practices extremely repugnant to our feelings, and no presents would be given them, but for Prisoners. This, therefore instead of becoming an article of accusation ought to have excited their gratitude, for the presence and authority of a British force uniformly tended to secure the lives of all who were defenceless, and all who surrendered. It almost without exception saved the lives of our enemies, yet the American government brand us as worse than savages for fighting by the sides of Indians, and at first threatened our extermination if we did so, altho' they employed all the Indians they could. Many individuals have acknowledged their obligation to us for having been saved by the benevolent and humane exertions of our officers and troops, but no officer of rank ever had the justice to make a public acknowledgment. The eighth accusation is much the same as this, and must have been separated in order to multiply the number of articles. It is notorious that some British soldiers have been killed by the Indians, protecting their prisoners. This was the case at General Winchester's defeat and at General Clay's. The grossest exaggerations have been pub-

lished. General Winchester was declared in all the American papers to have been scalped, and mangled in the most horrid manner, when he was in his quarters at Quebec. In a General Order, dated Kingston 26th July, 1813, among other things respecting Indians, it is said, that the head money for the Prisoners of War, brought in by the Indian warriors is to be immediately paid by the Commissariat, upon the certificate of the General Officer commanding the division with which they are acting at the time. Let us now see how the poor Indians are treated by the Americans, after promising that they have done their utmost to employ as many Indians as possible against us. It is a fact that the first scalp taken this war was by the Americans at the river Canard between Sandwich and Amherstburgh. At this place an Indian was killed by the advance of General Hull's army, and immediately scalped.*

At the skirmish of Brownston, several Indians fell and were scalped by the American troops.

The Kentuckians are commonly armed with a tomahawk and long scalping knife, and burnt Indians as a pastime.

At the river Au Raisin, Captain Caldwell of the Indian department, saved an American officer from the Indians, and as he was leading him off, the ungrateful monster stabbed him in the neck, on which he was killed by Capt. Caldwell's friends.

The American troops under General Winchester killed an Indian in a skirmish near the river Au Raisin, on the 18th January 1813, and tore him literally, to pieces, which so exasperated the Indians, that they refused burial to the Americans killed on the 22d — The Indian Hero Tecumseth, after being killed, was literally flayed in part by the Americans, and his skin carried off as a trophy.

(Note.)* An Indian never scalps his enemy until after he is dead, and does so to preserve a proof or token of his victory.

Twenty Indian women and children of the Kickapoo nation, were inhumanly put to death by the Americans a short time ago near Prairie, on the Illinois river, after driving their husbands into a morass, where they perished with cold and hunger. Indian towns were burnt as an amusement or common place practice. All this, however, is nothing compared to the recent massacre of the Creeks. General Coffee in his letter to General Jackson, dated 4th November 1813, informs him that he surrounded the Indian Towns at Tullushatches in the night with nine hundred men. That about an hour after sunrise, he was discovered by the enemy, who endeavoured tho' taken by surprise to make some resistance. In a few minutes the last warrior of them was killed. He mentioned the number of warriors seen dead to be 186, and supposes as many among the weeds as would make them up two hundred. He confesses that some of the women and children were killed, owing to the warriors mixing with their families. He mentions taking only 84 Prisoners of Women and Children. Now it is evident, that in a village containing two hundred warriors, there must have been nearly as many women and men, perhaps more; and unquestionably the number of children exceeded the men and women together; what then became of all these. Neither does General Coffee mention the old men. Such things speak for themselves. The poor Indians fought it appears, with bows and arrows, and were able only to kill five Americans. Their situation was too remote for them to receive assistance from the British. Their lands were wanted, and they must be exterminated. Since this period, the greater part of the nation has been massacred by General Jackson, who destroyed them wantonly in cold blood. There was no resistance, if we except individual ebullition of despair, when it was found that there was no mercy. Jackson mentions exultingly, that the morning after he had destroyed a whole village, sixteen Indians were discovered, hid under the bank of the river, who were dragged out and murdered. Upon these inhuman exploits, President Madison only remarks to Congress, that the Creeks had received a salutary chastisement, which would make a lasting impression upon their fears. The

cruelties exercised against these wretched nations are without a parallel, except the coldness and apathy with which they are glossed over by the President. Such is the conduct of the humane government of the United States, which is incessantly employed, as they pretend, in civilizing the Indians; but it is time to finish this horrid detail; we shall therefore conclude with a short extract of a letter from the Spanish Governor of East Florida, Benigno Garzia, to Mr. Mitchell, Governor of the State of Georgia, to show that the policy of the Government of the United States in regard to the Indians, is now generally known.

“The Province of East Florida may be invaded in time of profound peace, the planters ruined, and the population of the capital starved, and according to your doctrine all is fair; they are a set of outlaws if they resist. The Indians are to be insulted, threatened, and driven from their lands; if they resist, nothing less than extermination is to be their fate.”

7th and 9th.—Pillage and destruction of private property in the Bay of Chesapeake, and the neighbouring country, and cruelties exercised at Hampton in Virginia.

It required astonishing effrontery to make these articles of accusation, after the depredations and cruelties committed by the army of the United States in the Canadas.

In the attack upon Craney Island, some boats in the service of Great Britain ran aground. In this situation they made signals of surrender, but the Americans continued to fire upon them from the shore. Many jumped into the water and swam towards land, but they were shot as they approached, without mercy. A few days after, Hampton was taken, and some depredations were committing by the Foreign troops, who had seen some of their comrades so cruelly massacred, but before any material damage was done, they were remanded on board. Several letters from Hampton mention the behaviour of the British, while there, as highly meritorious, and contradict the vile calumnies of the Democratic print, which Mr. Madison copies in his Message to Congress.

This brief account of the conduct of your Government and army, since the commencement of hostilities (which might have been greatly extended) will fill the world with astonishment at the forbearance of Great Britain, in suffering so many enormities, and such a determined departure from the laws of civilized warfare, to pass so long without signal punishment.

Before finishing this letter, permit me, Sir, to remark, that the destruction of the public buildings at Washington, entitled the British to your gratitude and praise, by affording you a noble opportunity of proving your devotion to your country. In former times, when you spoke of the magnitude of your services, and the fervor of your patriotism, your political enemies were apt to mention your elevated situation, and the greatness of your salary. But by presenting your library a free-will offering to the nation at this moment of uncommon pressure, when the Treasury is empty, and every help to the acquisition of knowledge is so very necessary to keep the government from sinking; you would have astonished the world, with one solitary action in your political life, worthy of commendation.

Nor are your obligations to the British army unimportant, tho' you have not aspired to generous praise. An opportunity has been given you of disposing of a library at your own price, which if sold, volume by volume, would have fetched nothing. You have no doubt seen that old libraries do not sell well, after the death of the proprietor, and with a lively attention to your own interest, you take advantage of the times.

I am, Sir,

With due consideration, &c.

JOHN STRACHAN, D D.

Treasurer of the Loyal and Patriotic Society of Upper Canada.

York, 30th January, 1815.

POSTSCRIPT.—From General M'Arthur's official account of his predatory excursion, I make the following extract to prove his extraordinary veracity.

“ We were thus enabled to arrive at the town of Oxford, one hundred and fifty miles distant from Detroit, before the inhabitants knew that a force was approaching. They were promised protection to their persons and property, upon the condition that they remained peaceably at their respective homes: otherwise, they were assured, that their property would be destroyed.

“ However, notwithstanding this injunction, and the sacred obligation of a previous parole, two of the inhabitants escaped to Burford, with the intelligence of our arrival. Their property consisting of two dwelling houses, two barns, and one shop, were instantly consumed.”

George Nichol and Jacob Wood, are the persons here alluded to, both of whom applied to the Loyal and Patriotic Society of Upper Canada for relief. The former had returned home before General M'Arthur's report to the Secretary at War appeared in the Newspapers: but the latter was at York after that publication. “ At a meeting of the Directors of the Loyal and Patriotic Society, holden at York, on the 21st of January 1815, appeared Jacob Wood, from the county of Oxford, and produced a certificate from Major Bowen, stating that he accompanied George Nichol from Oxford to Burford to give information of the advance of the American army, and in consequence of which his House, Furniture, Barn, Hay, Grain, Joiner's Shop, and tools were destroyed by the enemy.

“ Jacob Wood was interrogated by the Society, whether he or George Nichol were paroled by General M'Arthur, previous to their giving the British warning of the approach of the American army. In answer, he stated, that he and George Nichol had left their homes on hearing of the approach of the ene-

my, and were so far from giving their parole, that they never were in the power of General M'Arthur, or his army.

"The Directors put this question to Jacob Wood, because General M'Arthur, in his official report, states it as his reason for burning the houses, and destroying every thing belonging to these two men, that they had broken their parole."

General M'Arthur had some reputation to lose, and ought to have known that such a gross departure from truth was not the way to preserve it. The courage and zeal of Nichol and Wood, instead of punishment, deserved and would have obtained the respect of a gallant and generous enemy. But on all occasions, the loyal inhabitants of this Province have been selected by your Generals as the objects of their peculiar hatred.

To pass rapidly, with a large body of cavalry, through a country, thinly inhabited, and without the means of resistance; to feed upon the defenceless inhabitants; to burn the mills, none of which belonged to Government, and to destroy the provisions and the whole property of respectable men of principle; and then to run away, at the first symptom of serious opposition, is no great exploit. General M'Arthur has been the author of much distress to the defenceless inhabitants; many of whom have now one hundred and twenty miles to go to mill, but in a military point of view, he has done nothing. It is for the people of the United States to reflect seriously upon this mode of carrying on the war; and it is your interest, Sir, to advise a return to humanity, lest Monticello should share the fate of hundreds of Farms in Upper Canada.

I am, &c.

The Report of the Committee upon the Treasurer's accounts, was laid before the Society.

Resolved unanimously,—That the Report be received and passed accordingly.

The Treasurer then presented his Report upon the state of the Society's funds in his hands.

Resolved,—That the same be received, and that any balance remaining with the Treasurer, after discharging the debts and demands upon the Society, be appropriated in aid of the Fund for Relief of Distressed and Destitute Strangers.

ALEXANDER WOOD,

Secretary L. & P. S.

REPORT.

The Treasurer of the Loyal and Patriotic Society has the honor to Report,

That since the 6th of August, 1816, he has distributed agreeable to the orders of the Directors, eleven hundred and sixty-nine pounds, five shillings and two pence halfpenny; by which, many families have been relieved from great distress.

He has much pleasure in communicating to this General Meeting, a fourth donation from our late gallant President, General Sir Gordon Drummond, who transmitted to the Hon. Chief Justice Scott, £180, being his third and last dividend of Prize Money for the capture of Fort Niagara. This sum, together with those already given in aid of the funds of this Institution, by General Sir Gordon Drummond, amount to £680— a most munificent donation, deserving our most grateful acknowledgements and lasting commemoration.

The Treasurer begs leave to call the Society's attention to the sum lost in attempting to supply the poor of this town with bread at a cheaper rate, in the Autumn and Winter, of 1814 and 1815. After much trouble, vexation and expence, the plan failed, and a considerable loss was sustained.

Another item of expenditure requires the consideration of this Meeting, namely, the sum distributed among distressed Emigrants. When calls were made upon the Treasurer in behalf of these unhappy strangers, there seemed to be a difference of opinion as to the propriety of diverting any part of the funds of this Society to their relief. The distress however was so pressing that a majority of Directors consented that some aid might in the mean time be allowed, and accordingly it has been administered as sparingly as possible, as will appear from the detailed account.

Although the Treasurer never had any doubt in his own mind of the propriety of relieving strangers from the funds of this Society, who had been driven by the pressure of the times from the Mother Country to settle in this Province; yet, as such a doubt was entertained by Members entitled to the greatest consideration and respect, and as his office was entirely ministerial, he sought for other sources to meet this new exigency.

On communicating with the Trustees in Lower Canada, on this subject, to whom £3000 had been transmitted by the subscribers to the funds of the Loyal and Patriotic Society in London, to be distributed, if necessary, in that Province, it was found that this sum still remained unexpended. The Trustees declined giving any portion of it for the relief of Emigrants, conceiving it would be to alter its first destination, but they had not the same difficulty in respect to the interest accruing, and have therefore placed at the disposal of the Treasurer, for the use of distressed Strangers from the Mother Country, the whole of this interest, amounting to £353 16s. 7d.

It is for the consideration of this Meeting, whether they will be guided by the same distinction in disposing of the

balance still remaining in the hands of the Treasurer. This sum, amounting to £445 2s. 1½d. is in the first place subject to the expence of publishing the Report of the Proceedings of the Society, which has been long in the press, and is now very nearly completed.—The amount of this charge has not yet been exactly ascertained. On this account perhaps it may be sufficient for this meeting to authorize the Treasurer to pay over to the Society, now established for the relief of strangers in distress, either the whole or part of the balance which may remain after the expence of printing and distributing the report shall have been defrayed.

That the Society may with great propriety adopt this proceeding, will appear evident from the fact, that nearly one thousand pounds of interest has accrued upon the funds, while in the course of distribution; so that more money has been already given to sufferers than has been contributed by the subscribers.—The balance now remaining does not amount to one half of the said interest, it cannot therefore be wrong to transfer a small part of it to this new and most important benevolence.

The Treasurer reminds the Society, that £250 sterling still remains in his hands for the purpose of purchasing Medals, should those already ordered be found insufficient in number. The Medals are under the care of the Solicitor General, and may be daily expected.

It would have been very satisfactory to the Treasurer to have been relieved at this meeting from the duties of his office, but the correspondence which he has the honor to submit, affords every reason to suppose that a large additional sum will soon be placed at the Society's disposal; it seems

therefore inexpedient to close its concerns on the present occasion.

All which is humbly submitted by

JOHN STRACHAN.
